II. OLD BUSINESS

- 11. Prioritization 4.0 Local Methodology** – Mr. Serkin explained that the deadline for submitting our local methodology for prioritizing projects in P4.0 is April 1, 2016. Staff developed a draft methodology with a subcommittee of RTCC members. The draft methodology was conditionally approved by NCDOT in December. Mr. Brown asked about changes to safety and Peak Traffic criteria, to which Mr. Lennon responded that it was unlikely to take effect in P4.0, and equally unlikely in P5.0 because of built in resistance in the larger cities.

Mr. Serkin also noted that if the RTAC can approve its priorities early, that the counties will have greater flexibility in approving their scores. Mr. Williams stated that he had invited Brunswick County municipalities to discuss priorities, and encouraged other counties to do the same. He also expressed the importance of

having RPO staff explain STI to boards and decision makers who may not be as familiar with the process.

Mr. Lennon and Mr. Riddle explained that Board of Transportation members used to have a small pot of money with which to address short term needs. This used to be \$2 million, but is now \$150,000, which cannot address even small needs.

Mr. Helms made a motion to approve the Local Methodology, Mr. Maxwell seconded the motion. The motion carried.

III. NEW BUSINESS

12. 2016-2017 Planning Work Program and 5-Year Planning Calendar – Mr. Serkin explained the purpose of the PWP and 5-year Calendar. Mr. May wanted to take the opportunity to make RTAC members aware of upcoming dues increases for RPO participation. Mr. Serkin noted that Transportation Planning Branch had already approved both documents. *Mr. Maxwell made a motion to approve the PWP and 5-year Planning Calendar, Mr. Brown seconded the motion. The motion carried.*

13. P4.0 Preliminary Regional Impact Point Assignments – Mr. Serkin explained the deadline for assigning local input points for Regional Impact-tier projects is May 31st. Mr. Maxwell Asked if any projects approved in P3.0 would be up for evaluation in P4.0, to which Mr. Serkin replied that non were because all of the RPO's funded projects were scheduled in the first 5-years of the programmed horizon and were considered "committed." *No action was requested or taken.*

14. NC Ports TIGER Grant Application – Ms. Ayers made a short, informal presentation to the RTAC on a proposed TIGER Grant which would ready the Port of Wilmington for PanaMax vessels, then requested a resolution of support. *Mr. Byrd made a motion to adopt the resolution, Mr. Helms seconded the motion. The motion carried.*

IV. WRAP-UP

15. Reports/Updates -- NCDOT Division staff and others updated the committee on various projects and on-going issues.

16. General Discussion – Mr. Lennon noted that the Board of Transportation was considering allowing for "fees in lieu" to address poorly connected bike/ped networks across the state. They would work as regional fees that may not serve a particular development, but still help the overall system.

17. Adjournment – There being no further discussion, the meeting was adjourned.

Subject: Planning Work Plan Q4 Amendment, FY 2015-16
Cape Fear Rural Planning Organization

Dear Ms. Earle-Young:

The Cape Fear Rural Planning Organization (CFRPO) is seeking Transportation Planning Branch approval for an amendment to the FY 2015-16 Planning Work Program. This revision was deemed necessary by RPO staff, who reviewed the current fiscal year planning work program and budget, and identified that the reallocation of program funds are necessary to reflect expected work demands through the end of the fiscal year. This amendment will require RTAC approval and is planned to be on the RTAC agenda for May 20, 2016. There is no change to the total expenditures of the RPO and no additional funds are requested of RPO members.

The requested changes are as follows:

I-1 – Data Collection and Assessment

There are no expected changes to the specified deliverables, but the amount of money allocated for Data Collection is reduced by \$3,500 because time originally planned for Data Collection tasks is being diverted to CTP development to account for starting Columbus Co CTP.

Total for I-1 (Data Collection and Assessment) – **reduced** by \$3,500 to \$6,000.

II-1 – CTP Development

The amount of money allocated for CTPs is increased by \$5,000 to account for starting the Columbus Co CTP.

Total for II-1 (CTP Development) – **increased** by \$5,000 to \$9,000.

II-2 – Prioritization and Program Development

There are no expected changes to the specified deliverables, but the amount of money allocated is reduced by \$4,000 because time originally planned for P4.0 is being diverted to CTP Development for the Columbus Co. CTP and to General Transportation Planning to account for additional time and travel related to participating in the CTP 2.0 committee.

Total for II-2 (Prioritization and Program Development) – **reduced** by \$4,000 to \$23,500.

II-3 – Project Development

There are no expected changes to the specified deliverables, but the amount of money allocated is reduced by \$1,500 because time originally planned for Project Development hasn't been necessary and time is being diverted to General Transportation Planning to account for additional time and travel related to participating in the CTP 2.0 committee.

Total for II-3 (Project Development) – **reduced** by \$1,500 to \$4,000.

II-4 – General Transportation Planning

There are no expected changes to the specified deliverables, but the amount of money allocated is increased by \$2,000 to account for additional time and travel related to participating in the CTP 2.0 committee.

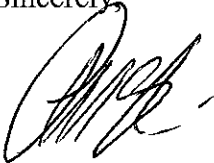

Total for II-4 (General Transportation Planning) – **increased** by \$2,000 to \$36,500.

III-1 – Administration

There are no expected changes to the specified deliverables, but the amount of money allocated is increased by \$2,000 to account for additional time related to updating the RPO MOU and Bylaws.

Total for III-1 (Administration) – **increased** by \$2,000 to \$36,625.

Sincerely,

A handwritten signature in black ink, appearing to read 'ASerkin', written over a horizontal line.

**CAPE FEAR RURAL TRANSPORTATION PLANNING ORGANIZATION
TRANSPORTATION ADVISORY COMMITTEE**

RESOLUTION 16-02

**A RESOLUTION REAFFIRMING SUPPORT OF A TOLL RATE INCREASE
FOR THE SOUTHPORT-FORT FISHER FERRY**

WHEREAS, the Rural Transportation Advisory Committee (RTAC) is the duly recognized transportation decision making body for the Cape Fear Rural Planning Organization (RPO), as authorized under NCGS 136-211; and

WHEREAS, in 2013, the North Carolina General Assembly mandated that new capital improvements to the ferry system be funded through the Strategic Transportation Initiative (STI) or by revenue-raising initiatives such as tolling, advertising, and concessions; and

WHEREAS, the North Carolina Board of Transportation approved a tolling methodology but has taken no action to increase fares on the Southport-Fort Fisher Ferry; and

WHEREAS, the Southport-Fort Fisher Ferry route is currently tolled and all fares collected fund new ferry vessels and ferry improvements that directly benefit the Southport-Fort Fisher Ferry; and

WHEREAS, in 2014, the NCDOT proposed to retain the same fares for pedestrians, bicycles and motorcycles but increase the fares for vehicles less than 20 feet from \$5 to \$7, between 20 feet and 40 feet from \$10 to \$14 and greater than 40 feet from \$15 to \$28; and

WHEREAS, there is no proposed change in the price of a Commuter Pass, thereby protecting regular users from increased costs; and

WHEREAS, public comment at a February 18, 2014 meeting at Southport City Hall, as well as electronic mail received by RPO staff, was generally supportive of a rate increase; and

WHEREAS, on March 22, 2014, the RTAC adopted a resolution in support of increasing the fares on the Southport-Fort Fisher Ferry; and

NOW THEREFORE, be it resolved that the Cape Fear Rural Planning Organization's Rural Transportation Advisory Committee hereby reaffirms its support for the proposed ferry toll increase for the Southport-Fort Fisher Ferry.

ADOPTED at a regular meeting of the Cape Fear Rural Planning Organization Transportation Advisory Committee on May 20, 2016.
