

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD.gov at https://www.hud.gov/program_offices/comm_planning/coc.
- Questions regarding the FY 2023 CoC Program Competition process must be submitted to CoCNOFO@hud.gov.
- Questions related to e-snaps functionality (e.g., password lockout, access to user's application account, updating Applicant Profile) must be submitted to e-snaps@hud.gov.
- Project applicants are required to have a Unique Entity Identifier (UEI) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2023 Continuum of Care (CoC) Program Competition. For more information see FY 2023 CoC Program Competition NOFO.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2023 CoC Program NOFO and the FY 2023 General Section NOFO.

- New projects may only be submitted as either Reallocated, Bonus Projects, Reallocated + Bonus or DV Bonus. These funding methods are determined in collaboration with local CoC and it is critical that applicants indicate the correct funding method. Project applicants must communicate with their CoC to make sure that the CoC submissions reflect the same funding method.
- Before completing the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps, particularly the Authorized Representative and Alternate Representative forms as HUD uses this information to contact you if additional information is required (e.g., allowable technical deficiency).

2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe your organization's (and subrecipient(s) if applicable) experience in effectively utilizing federal funds and performing the activities proposed in the application.

As a community health center and private non-profit, CHC has relied heavily on grant funding to provide and scale offered services within the community. The agency has demonstrated success at managing programs and is able to fulfill the requirements for reporting and funding as outlined in the proposal. Coastal Horizons' has been awarded several SAMHSA grants over the past five years and has the experience and staff to initiate this project quickly. Given existing MOAs with housing providers, CHC can quickly engage individuals into housing upon receiving funding.

2. Describe your organization's (and subrecipient(s) if applicable) experience in leveraging Federal, State, local and private sector funds.

CHC's Permanent supportive housing program, HUD Horizons Housing, provides tenant based rental assistance for 3 families. These families came from chronic homelessness and have been enrolled and stable in housing and therapy for over 3 years with this program. CHC operates two programs geared at homeless outreach: The SAMHSA Projects for Assistance in Transition from Homelessness (PATH) team which provides outreach services for those chronically homeless individuals with severe and persistent mental illness and the Short Term Assistance Team (STAT) that utilizes Emergency Solutions Grant Funds to provide outreach to unsheltered. During FY 21-22, these teams outreached to 357 homeless individuals, enrolling 17 clients and successfully completing 5 enrollees into their own housing. CHC has also managed a NC CASP funded community-based residential program, Horizons Adult Regional Residential Treatment Services (HARRTS) for the past 15 years. HARRTS has long-standing relationships with our community recovery house partners and admits between 100 and 150 clients each year into an ASAM III.1 community-based residential level of care. This includes recovery house placement, case management, and SAOP group therapy. HARRTS has above a 50 % successful completion rate for individuals maintaining sobriety and discharging to safe stable sober living.

3. Describe your organization's (and subrecipient(s) if applicable) financial management structure.

All spending is submitted by Program Director through Avid Xchange to the finance department with receipts and an explanation of spending allocations. All expenditures are reviewed by finance staff before final approval by CFO.

4. Are there any unresolved HUD monitoring or
OIG audit findings for any HUD grants (including
ESG) under your organization? No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

Coastal Horizons Center, Inc., is proposing an expansion to its current project HUD Horizons Housing Program (HHH) by reallocate funds and transferring current consumers from the Cape Fear Council of Government Permanent supportive Housing program. HHH Expansion will provide Permanent Supportive Housing (PSH) to individuals and families experiencing HUD-defined homelessness paired with the struggles of a disability diagnosis, including mental health or substance use, raising children in a low-income household and those who have been defined by society as "hard to house". Utilizing a HUD-guided Housing First model approach we will house consumers in scattered site apartments and houses in the community. We at Coastal Horizons Center, Inc. know that people who experience these challenges and barriers to safe, affordable, and stable housing also experience chronic stress and other catastrophic individual and familial negative impacts, which only begin to dissipate if they are housed quickly, offered an array of supportive services to voluntarily engage in along with the supports of linking to a variety of community-based services to begin restoring the whole body and home health. We will also provide case management to support the tenants in stable housing, tenancy education, basic daily living skills, financial wellness, and a stronger connection to themselves, their families, neighbors, and the community. The best model is for the tenant to choose when and how they approach those goals. We strive to support these goals with low-barrier entrances to our PSH program, strong community ties with agencies to assist in rapidly housing individuals and families as well as additional community partnerships to support tenants as they work through their challenges towards long-term stability.

100% Dedicated or DedicatedPLUS

A "100% Dedicated" project is a permanent supportive housing project that commits 100% of its beds to chronically homeless individuals and families, according to NOFA Section III.3.b.

A "DedicatedPLUS" project is a permanent supportive housing project where 100% of the beds are dedicated to serve individuals with disabilities and families in which one adult or child has a disability, including unaccompanied homeless youth, that at a minimum, meet ONE of the following criteria according to NOFA Section III.3.d:

- (1) experiencing chronic homelessness as defined in 24 CFR 578.3;
- (2) residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time in which the individual or family entered the transitional housing project;
- (3) residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement;
- (4) residing in transitional housing funded by a joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project;
- (5)residing and has resided in a place not meant for human habitation, a safe haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions; or
- (6) receiving assistance through a Department of Veterans Affairs(VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system.

A renewal project where 100 percent of the beds are dedicated in their current grant as described in NOFA Section III.A.3.b. must either become DedicatedPLUS or remain 100% Dedicated. If a renewal project currently has 100 percent of its beds dedicated to chronically homeless individuals and families and elects to become a DedicatedPLUS project, the project will be required to adhere to all fair housing requirements at 24 CFR 578.93. Any beds that the applicant identifies in this application as being dedicated to chronically homeless individuals and families in a DedicatedPLUS project must continue to operate in accordance with Section III.A.3.b. Beds are identified on Screen 4B.

4A. Supportive Services for Participants

1. Describe how program participants will be assisted to obtain and remain in permanent housing.

HHH Expansion will provide case management to provide various supportive services for clients to voluntarily engage in, including tenancy education, basic daily living skills, and financial wellness. The case manager's primary responsibility is identifying appropriate housing and quick placement of tenants into those homes. Case managers are also responsible for housing retention by linking tenants to community providers for other client needs. Case managers will be responsible for facilitating warm handoffs to other service providers to ensure appropriate service acquisition. Coastal Horizons is also uniquely positioned to be a resource to begin restoring the whole body and home health, with services including substance use and mental health treatment, medication management, and primary care services, while also considering client autonomy and choice

2. Describe the specific plan to coordinate and integrate with other mainstream health, social services, and employment programs for which program participants may be eligible.

The case manager will meet with clients on a monthly basis. Once a year, during certification/recertification, case managers will support the tenants in developing their individual service plan (ISP), which will include self-directed goals, timelines, and how they want to approach those goals. HHH staff strive to support tenants' goals with strong community ties to assist in service provision and resource procurement and additional community partnerships to support tenants as they work through their challenges towards long-term stability. Case managers will ensure that each client can link with the most appropriate agency to meet their goals. Case managers ensure that each client will have a warm handoff to that service provider and will be available should the client need to reestablish any relationships. They will also follow up with the client monthly on their progress.
