

Cape Fear Council of Governments:

2020 PUBLIC OFFICIALS DIRECTORY

Cover photo by Daralyn Spivey, Village of Bald Head Island Clerk

Greetings Cape Fear Region,

The Cape Fear Council of Governments is pleased to present the 2020 Public Officials Directory. We hope that you will find this directory to be your one-stop resource to access contact information for elected officials and key staff for all of the local governments in Brunswick, Columbus, New Hanover, and Pender counties, as well as for our region's congressional and legislative delegations. For your convenience, we've also included a directory of UNC School of Government staff.

The Public Officials Directory also contains the Cape Fear Council of Governments Annual Report, which includes information about the services we provide to our members, highlights from the prior fiscal year, and contact information for our staff.

A PDF version of this directory is available on the Cape Fear COG website at www.capefearcog.org and is updated periodically throughout the year as information changes. We hope this directory is useful in your work on behalf of the Cape Fear Region.

Respectfully submitted,

A handwritten signature in blue ink, appearing to read "AS", is positioned above the name of the signatory.

Allen Serkin
Executive Director

Cape Fear Council of Governments

The Cape Fear Council of Governments (CFCOG) is a regional association of local governments in southeastern North Carolina and one of 16 regional councils in the state. Serving Brunswick, Columbus, New Hanover, and Pender counties and their 40 municipalities for over 50 years, the CFCOG is committed to provide regional solutions that improve the quality of life for the nearly 500,000 citizens we serve. First chartered in late 1967 and early 1968 by Brunswick and New Hanover counties and their municipalities, and expanded in 1970-71 to include Columbus and Pender counties and their municipalities, the CFCOG was designated by the state in 1972 as the Lead Regional Organization for the 4-county region (Region O) to consolidate many of the duplicative regional governmental functions into a single locally-focused and locally-governed agency.

The CFCOG's general membership is comprised of a delegation of local elected officials who are annually appointed from among each member jurisdiction's governing board. The primary responsibility of the appointed delegates is the election of the CFCOG's officers and the remaining members of the Executive Committee at the annual General Membership meeting. Delegates also generally serve as their local government's primary point of contact CFCOG matters and act on any other matters brought before the general membership. The 9-member Executive Committee serves as the CFCOG's governing board and, as a result, the CFCOG is governed by a select group of elected officials from across the four counties who are chosen by their peers to serve the greater good of the region.

The CFCOG serves the region by convening regional elected and appointed officials to achieve common purpose solutions; by providing planning, management, and other technical assistance and support to local governments of the region; and by administering a variety of state and federal programs and grants that benefit the citizens of the region.

In Fiscal Year 2018-19, the CFCOG operated an annual budget of just over \$9 Million, approximately 70% (\$6.4 Million) of which is from federal sources and another 22% (\$2 Million) of which are state funds. The majority of the remainder of funds are primarily member dues, grant match funds, local project funds, and fee-for-service contracts.

The CFCOG operations are organized into an administrative department and four programmatic departments: the Area Agency on Aging, the Homeless Continuum of Care, Local Government Services, Workforce Development.

Area Agency on Aging

The Area Agency on Aging (AAA) is the organization mandated by the federal Older Americans' Act to advocate for older adults in the four county area through program administration, planning and development. Federal, state, and local funds support the following services delivered within the region: congregate and home-delivered meals; transportation; in-home aide services; legal assistance; adult day care/day health; senior center operations; information/case assistance/options counseling; and health promotion/disease prevention. Other services administered by the AAA include the services of two Regional Long Term Care Ombudsmen who serve as advocates for long term care residents and work to resolve complaints made by or on behalf of these residents. The AAA also administers the federally mandated Family Caregiver Support Program which provides information, education and limited respite service to caregivers of older persons. A fully state funded program, Project C.A.R.E. (Caregiver Alternatives to Running on Empty) is a dementia-specific support program for family caregivers. The program, covering a twelve (12) county area offers the services of a family consultant to provide comprehensive support to caregivers of those with Alzheimer's disease or related dementia in the home setting. The AAA also administers grants for educational information to Medicare beneficiaries of Medicare Part D Rx Drug Plans and the Senior Medicare Patrol Program, a fraud prevention educational program. The AAA facilitates the Cape Fear Elder Abuse Prevention Network, a four-county multi-disciplinary initiative to increase awareness, identification & reporting of elder abuse, neglect, exploitation.

FY 2018-19 HIGHLIGHTS

- Home and Community Block Grant funds facilitated the delivery or serving of approximately 300,000 meals, 21,000 vehicular trips to medical care, grocers, pharmacies and adult day care operations; provided 1,800 days of adult day care; provided 1,112 hours of legal services; hosted 43,000 participants at senior centers with 2,400 taking health classes.
- The Long-term Care Ombudsmen provided 45 educational trainings for facility staff; fielded 390 complaints with 196 cases closed; made over 770 facility visits and provider consultations. The Community Advisory Committees donated volunteered 940 hours visiting facilities
- Project C.A.R.E (Caregivers Alternative to Running on Empty) Family Consultant served 104 caregivers of persons with dementia in 12 counties with 392 hours of case management and awarded 127 vouchers (\$500 each) for respite.
- Family Caregiver Support Grant Program provided information or assistance to approximately 961 caregiver; provided direct services such as Support Groups, Respite, Supplemental Support to 285 caregivers; over 400 caregivers attended workshops/conferences to enhance their knowledge.

Area Agency On Aging

Cape Fear Council of Governments

A Coalition of Professionals & Volunteers serving Brunswick, Columbus, New Hanover and Pender Counties.

Local Government Services

The Local Government Services (LGS) department provides member governments with a wide variety of services in four broad categories: Management, Planning, Transportation, and Data & Mapping. The department provides knowledge, experience, and manpower to supplement and extend the abilities of member government staff to meet the many needs of local government.

Management services include a number of products including personnel and pay studies, codes of ordinances, human resources and financial consulting, infrastructure asset management planning, grant writing and administration, and training and retreats for elected and appointed boards.

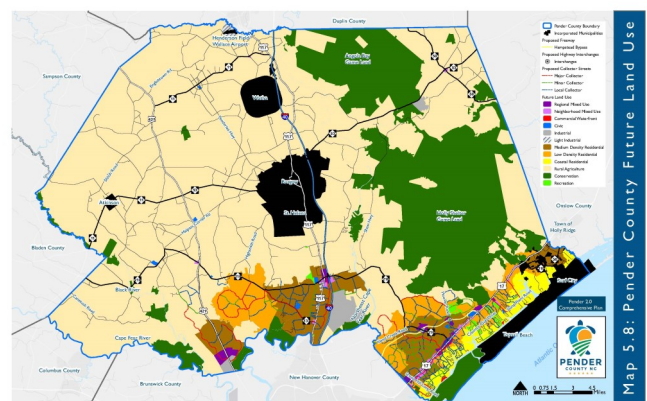

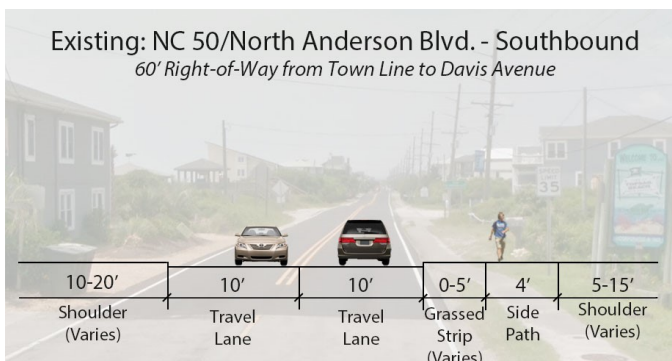

Planning services include long-range planning activities such as comprehensive plans, land use plans, hazard mitigation plans, park and recreation master plans, small area plans, and special studies; and current planning activities such as development review, development regulations, and zoning administration.

Transportation services include staffing and administration of the Cape Fear Rural Transportation Planning Organization (RPO), which provides transportation planning and advocacy for our non-metropolitan areas, as well as special transportation studies like corridor plans, bicycle and pedestrian plans, and parking and sidewalk inventories.

Mapping, Design, and Data services include GIS mapping and spatial data analysis; GPS data collection and infrastructure mapping; 2- and 3-dimensional renderings, visualizations, and other conceptual designs; and data access and management consulting. In addition we develop and maintain several spatial databases of local facilities like sidewalks and parks, as well as serving as the regional State Data Center Affiliate.

FY 2018-19 HIGHLIGHTS

- Assisted with the update or rewrite of Comprehensive Land Use Plans for the Towns of Holly Ridge, Holden Beach, Fair Bluff, and the City of Southport.
- Served as on-call Planning & Zoning staff for four communities and assisted over 20 jurisdictions with the adoption of new Floodplain Maps and Ordinances.
- Developed a Joint Land Use Study with the Military Ocean Terminal Sunny Point and seven local governments in Brunswick and New Hanover counties.
- Provided outreach and local government training to more than 250 staff members, elected officials, and stakeholders.
- Garnered more than \$54 Million for transportation projects in the Cape Fear Rural Transportation Planning Organization during Prioritization 5.0.

Tri-County Homeless Interagency Council

The Tri-County Homeless Interagency Council (Tri-HIC) is the Cape Fear Area's HUD-approved homeless Continuum of Care (NC-506). The Tri-HIC is an alliance of service providers, local government agencies, and other public interests whose common goal is the reduction and ultimate elimination of homelessness in the Cape Fear Region. Beginning in 1995, HUD encouraged the establishment of Continuums of Care (CoC) in order to coordinate services and housing resources for those experiencing homelessness. The CFCOG serves as the Tri-HIC's administrative home, providing staff and fiscal sponsorship support to the CoC alliance. On an annual basis, staff organize and coordinate national grant competitions with the community, bringing in approximately \$850,000 in federal, state, and local funds to provide emergency services and housing to individuals and families who are homeless.

In addition, the CoC staff works with the Tri-HIC to implement and create best practices disseminated from HUD to end and prevent homelessness in communities. The CoC staff manages the homeless response system known as Coordinated Entry, which is the process by which individuals experiencing homelessness are linked to services such as housing. The Coordinated Entry system is designed to serve the most vulnerable with the highest needs. The CoC Director serves as the Database Administrator for the Homeless Management Information System (HMIS) which is used with Coordinated Entry for tracking outcomes and submitting federal and state reports. The CoC staff coordinates the annual Point in Time Count with the community, which is a 24-hour period in January of surveying sheltered and unsheltered individuals.

FY 2018-19 HIGHLIGHTS

- Implemented a new homeless care response system called Coordinated Entry and on-boarded 345 individuals to assist with agency referrals, permanent housing, and other necessary community services.
- Utilized our database system and weekly meetings to determine that nearly 150 people have left the Coordinated Entry Program due to a housing intervention, securing of permanent housing, and left the area or passed away.
- Switched to an open database system to increase collaboration, communication, and transparency among more than 15 community agencies.
- Collaborated with services like emergency shelter or outreach to ensure case managers have access to the open database to allow for sharing of resources and efficient case management.
- Established a partnership with Workforce Development to prioritize and streamline referrals for individuals experiencing homelessness.

Workforce Development

The Cape Fear Council of Governments administers the federal workforce programs authorized by the Workforce Innovation and Opportunity Act (WIOA). Programs authorized by WIOA help job seekers and workers access employment, education, training and support services to succeed in the labor market and match employers with skilled workers they need to compete in the global economy. A cornerstone of the public workforce investment system in North Carolina is the NCWorks Career Center which brings together key employment, education and training programs. An NCWorks Career Center is located in each of the counties of the Cape Fear Region.

The CFCOG Workforce Development staff work at the direction of the Cape Fear Workforce Development Consortium Board and the Cape Fear Workforce Development Board (CFWDB), which plans and implements workforce activities for adults, dislocated workers and youth ages 16-24. A variety of training options and opportunities are offered that will lead to employment, job retention increased earnings and a better quality of life. The CFCOG is also responsible for allocating resources and monitoring of program activities to ensure program quality and effectiveness.

FY 2018-19 HIGHLIGHTS

- Awarded a \$190k Governor's Innovation Grant for a collaborative project with Brunswick Community College to train individuals in construction trades, meeting the demand on the area's construction industry. This effort dovetails with the Cape Fear Workforce Development Board's Certified Career Pathway in Construction Technologies.
- Expended \$950k of Dept. of Labor disaster funds which enabled us to assist local 10 governments and 19 non-profits with Hurricane Florence restoration and recovery efforts, and which provided work experience to over 100 participants across the Cape Fear region.
- Assisted more than 50 community college students with emergency assistance across the region via Finish Line Grants, enabling them to graduate and enter the workforce.
- As part of the initial phase of a multi-year gap analysis pertaining to opportunities for disconnected youth, a survey was disseminated, and, subsequently, youth-friendly organizations met with the CFWDB's Youth Standing Committee to develop strategies.
- Adopted MyFutureNC as a priority for strategic collaboration with other agencies and for programs funded through the CFCOG for NCWorks. MyFutureNC is a statewide initiative to attain 2 million post-secondary credentials in high-growth sectors by 2030.

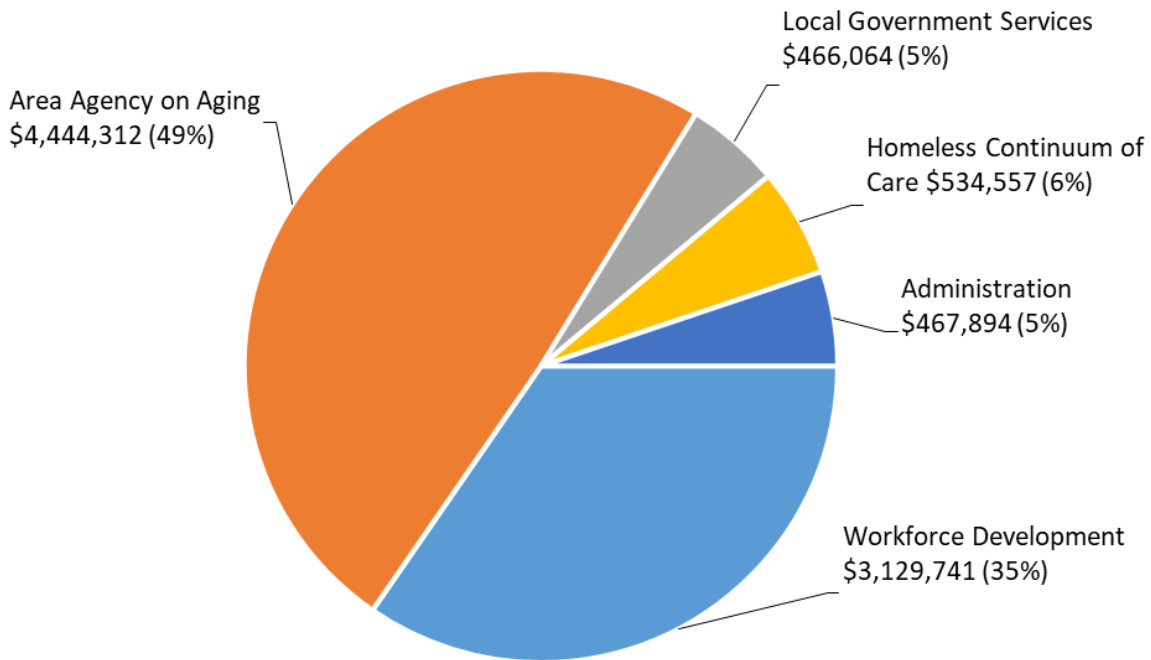

A proud partner of the
American JobCenter®
network

Administration

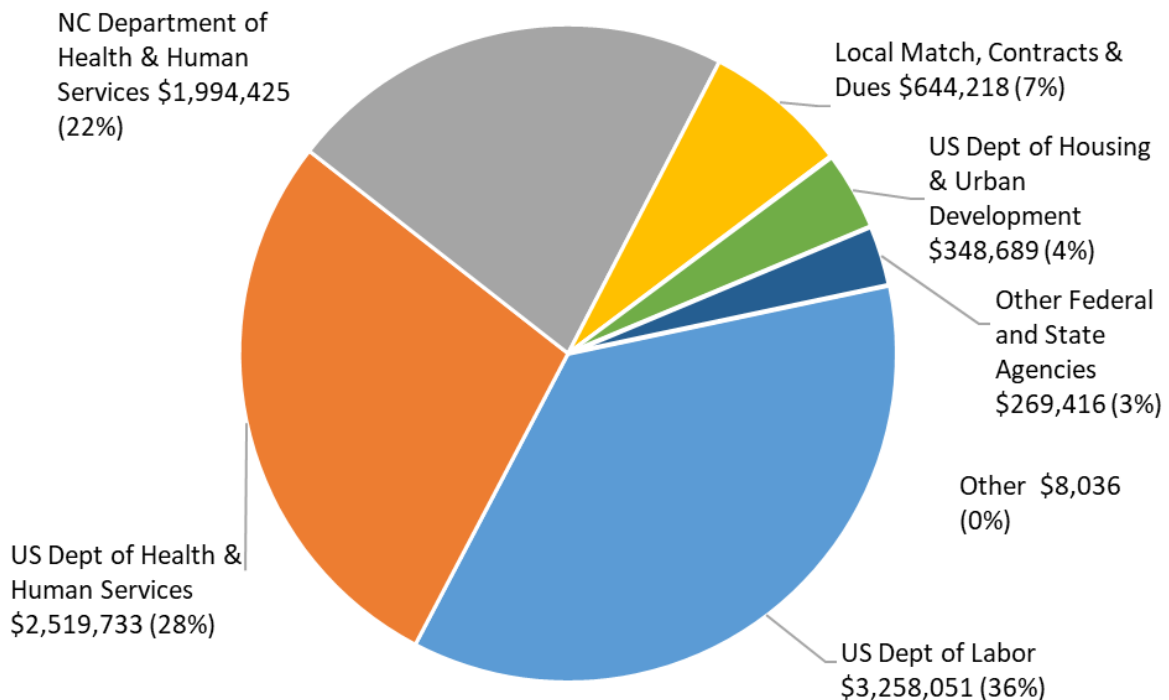

The administration staff provides support for other CFCOG departments in the areas of general office services, facility management, budget and financial management, human resources, event and meeting support, and general oversight and management. Administration staff also support the activities and efforts of the General Membership and Executive Committee and provides retreat and meeting facilitation services to member governments.
